

Re: Gate Access App for Sorrento Condominium Association

Dear Sorrento Owners,

The Sorrento Board of Directors is excited to announce a new alternative for you to allow access through the gate right from your cell phone! Enclosed you will find a flyer provided by "myQ Community" that introduces you to this downloadable app and walks you through its various features.

To give a preliminary overview, this app allows owners to:

- The ability to utilize video to see visitors at the gate before allowing access to provide enhanced security for our entire community,
- Grant access to visitors, deliveries, or even yourself, by the click of a button that automatically opens the gate for added convenience,
- Issue guest passes so that you do not need to be waiting by your phone for their arrival.

Many more features are described within along with step-by-step instructions and picture references. This app is compatible with Apple (iOS) products and Androids.

The Association will be allotting up to two (2) "myQ App" per home and are available to owners only. The current rate for the App is \$15 per year to the Association in order to receive access to the app.

We encourage and look forward to owners taking advantage of this convenient tool that is now available to you. **Please complete the enclosed form if you wish to receive your activation link for download and submit with your check made payable to Sorrento Condominium Association to the address on the form.** If you have any questions, please contact me directly.

****Note that this App is NOT required to gain access to the community. Your current RFIDs, Access Codes, and Pool Access Cards will continue to work as they currently do.**

Natalie Dudek

Sorrento Board of Directors
