

Annual Fire Inspection will be taking place, March 24 – March 27, 2026, beginning at 8:00 AM.

**Interior inspections to be conducted February 24th -26th**

DynaFire, Inc. will be on site to perform our Mandatory Inspections and will be accompanied by a Sorrento escort as they do the inspections. ALL units MUST be inspected for Sorrento to pass this inspection. Inspections will start daily at 8:00 am. Each inspection is expected to take 5 minutes or less.

**Access is Required.**

Below is a list of the dates each building will be inspected. If you are not available that day please provide an alternate means of entry – either have a neighbor or home watch available to provide access at your unit that day, provide an access code or a key to the property manager, or make alternate arrangements with the Board. You can email the Board at [Bodsorrentocondo@gmail.com](mailto:Bodsorrentocondo@gmail.com)

**Inspection Schedule:**

**Tuesday 3/24/2026 - 28000 - 28025 Sosta Lane**

**Wednesday 3/25/2026- 28026 - 28062 Sosta Lane**

**Thursday 3/67/2026- 28063 - 28091 Sosta Lane**

Please see below what the Sorrento Rules and Regulations state about access to individual condominium units. (Rules and Regulations are located on our web site, [www.sorrentocondo.com](http://www.sorrentocondo.com).)

**12. Association:**

***a. Florida Statute requires access to individual condominium units. All owners need to allow access to their unit in the event of an emergency or scheduled fire inspection. Availability should be three (3) hours or less. Suggested options: live in the community full-time, allow a community member access, utilize home watch, or designate local or electronic key access.***

**\*\*A locksmith has been retained and will be onsite to open any units for which the owner has not provided access. 100% of the units must be inspected. The Association has the right to access every unit so if an owner will not provide access, then the Association will have the locksmith gain access and charge the unit owner for the cost of that locksmith.**
